SUMMARY

UI/UX Designer with a B.Sc. in Computer Science & Artificial Intelligence, designing mobile apps and dashboards from user research to high-fidelity Figma prototypes and developer handoff. Designed all 26 screens of a smart agriculture app built by 2 Flutter developers, and a dashboard that replaced a small business's Excel workflow. Coding experience (HTML, CSS, JavaScript, Flutter) keeps designs practical to build.

SKILLS

UI/UX: User-Centered Design, User Research, User Interviews, Surveys, Competitive Analysis, Personas, Empathy Mapping, Affinity Mapping, User Flows, Information Architecture, UI Design, Visual Design, Interaction Design, Interactive Prototyping, Mobile App Design, Dashboard Design, Responsive Design, Component Libraries, Developer Handoff

Tools: Figma (Auto Layout, Components & Variants, Prototyping, Dev Mode), FigJam, Canva, Trello

Technical: HTML, CSS, JavaScript, Flutter, Firebase

UI/UX EXPERIENCE

Freelance UI/UX Designer & Developer | Ora Design — Aug 2025

Online custom event-print business | Remote

- Studied the owner's Excel workflow for orders, products and accounting, then structured a custom web dashboard around it.
- Designed and developed the dashboard in 3 weeks (HTML, CSS, JavaScript, Node.js, MongoDB), replacing the spreadsheets the owner had used to manage her orders.

PROJECTS

BloomTech | Smart Agriculture Monitoring App | Graduation Project — 2025

Sole UI/UX Designer, team of 6 | Figma

- Owned the end-to-end UI/UX, designing 26 screens in Figma for a B2B app that helps agricultural companies monitor large farms and gardens through IoT sensors.
- Designed a real-time sensor dashboard for moisture, pH and EC readings, with alerts that flag readings needing action, so non-technical farm staff can check status at a glance.
- Handed off Figma files to 2 Flutter developers, who built a working app connected to real hardware.

Happy Tails | Pet Care Mobile App | Route UI/UX Diploma — 2025

UI/UX Designer (solo) | Figma, FigJam

- Conducted 3 user interviews and a survey with 15 responses to understand pet owners' needs, then synthesized the findings into personas, empathy maps and affinity maps.
- Used the research to define the core features (pet profiles, vaccination reminders and pet-supply shopping) and mapped user flows around owners' daily routines.
- Designed 18 high-fidelity mobile screens in Figma, linked them into a clickable prototype, and designed a marketing landing page for the app.

ADDITIONAL PROJECTS

Closet | Fashion E-Commerce Mobile App | Route UI/UX Diploma 2025

UI/UX Designer (solo) | Figma

- Ran a competitive analysis of fashion e-commerce apps and created proto-personas to define the information architecture for browsing women's, men's and kids' categories.
- Designed 18 screens covering the full journey from onboarding to checkout.
- Built a reusable component library for product cards, filters and navigation, with shared color and typography styles for visual consistency.

TMHM | Courses & Jobs Mobile App | University Project 2023

UI Designer & Flutter Developer, team of 3 | Figma, Flutter, Firebase

- Designed all 15 screens as the team's only designer, then co-developed the app in Flutter and Firebase, including course and job search filters and user profiles.

OTHER EXPERIENCE

Teaching Assistant | Faculty of Computer Science & AI, Pharos University in Alexandria Feb 2026 – Sep 2026

- Ran programming, algorithm design and software quality assurance labs for up to 30 students, explaining concepts and grading assignments and projects.

Back-End Developer Intern | Route Training, Alexandria Jul 2024 – Sep 2024

- Built an e-commerce backend with Node.js, Express.js and MongoDB, including product routes and authentication.

Front-End Developer Intern | AMIT Learning, Alexandria Jul 2023 – Oct 2023

- Built a responsive portfolio website in HTML, CSS and JavaScript, focusing on layout and user interaction.

EDUCATION

B.Sc. Computer Science & Artificial Intelligence Sep 2021 – Sep 2025

Pharos University in Alexandria | CGPA 3.73/4.0

UI/UX Design Diploma Oct 2025 – Dec 2025

Route Training, Alexandria
